

Resume Analysis Report

Fit Score: 95%

Matched Keywords:

- test
- reporting
- problem
- exploratory
- planning
- technical
- detail
- acceptance
- background
- management
- testing
- execution

Feedback:

- Consider highlighting specific technical skills and certifications, such as ISEB certification, in the resume to make it more noticeable.
- Emphasize experience with test management tools and software to align with the job requirements.
- Quantify achievements in the work experience section, such as the number of successful test plans executed or the percentage of improvement in testing strategies.
